Residence Permit in Greece Initial Investment €20.000

Many foreign clients of our office who wish to stay in Greece often need our advice regarding the procedure for obtaining a residence permit. A residence permit is any documentation issued by the Greek authorities, according to which a non-EU citizen is given the right to reside legally within the Greek territory. Different categories of residence permits exist, as well as different types of permit within each category.

Company formation in Greece comes with many benefits for individuals seeking to invest in a European country. Along with the benefit of the investment, the individual has the opportunity to legally live in Greece.

This benefit also applies for the family members as well.

No need to invest in property in order to get a Residence Permit in a European country

Our office can consult you on how to establish a company in Greece and also obtain a residence permit.

Also, the members of the investor's family have the potential to request residence permits.

For this purpose, they must submit applications and their own permit expires at the same date that the investor's permit expires
